

Instructions in accordance with PPE Regulation 2016/425/UE**Manufacturer:** TOYA S.A., ul. Soltysowicka 13/15, 51-168 Wrocław, Poland

Description of the product: Working clothing, individual protection measure of a simple design (category I), which purpose is basic protection of the user from the following minimal risks: superficial mechanical injury; contact with cleaning materials of weak action or prolonged contact with water; contact with hot surfaces not exceeding 50 °C; damage to the eyes due to exposure to sunlight (other than during observation of the sun); atmospheric conditions that are not of an extreme nature. The clothing has been produced of the materials indicated on the label. It may irritate the skin in case of particularly sensitive persons.

Recommended use of the clothing: Do not use clothing which does not fit, namely too loose or too tight. Once you have put it on, adjust it using the adjusting elements, so that it protects you better, without limiting the freedom of movement. Before work make sure all the buttons, zip fasteners, Velcro fasteners and snap fasteners are done up and zipped. Make sure no loose elements are left, since they might get caught during work.

Do not wear cloths which are damaged, torn or worn through. Before each use make sure the clothing is not worn out.

Storage and transport: The product must be stored in a cool, dry, dark, well ventilated and closed room, both before and after use. Storage conditions: temperature +5 to +25°C, humidity < 60%. Excessive air humidity, temperature or intense light might impair the quality of the clothing. The supplier will not accept any responsibility for the quality of the product which is stored in a manner that does not comply with the recommendations.

The product must be transported in carton or plastic boxes. The packaging must ensure air circulation. The product must not be stored for more than five years.

Product's lifetime: The product may be used until signs of wear have appeared, but no longer than five years from the date of production indicated on the label.

Maintenance of the product: The product must be washed separately, inside out, at the temperature of 40°C, using regular detergents. Do not spin. Hang up to dry. Do not dry in drum dryers. Do not iron. Do not dry clean. Do not bleach.
